WE, THE UNDERSIGNED DEMAND THAT THE OLYMPIC DELIVERY AUTHORITY SAFELY REMOVES ALL THE ASBESTOS-CONTAMINATED RUBBLE FROM THE BUILDING SITE ON PORTERS FIELD MEADOW, LEYTON MARSH, IMMEDIATELY.

WE, THE UNDERSIGNED call on the Lee Valley Regional Park Authority and Waltham Forest Borough Council to ensure that the "Reinstatement Plan" and any other proposals for Leyton Marsh:

- **place the long-term sustainable future of Porters Field Meadow as a green open space as its prime aim.**
- **are the result of wide discussion among local people and Marsh users in both Hackney and Waltham Forest.**
- **represent genuine collaborative agreement with the Olympic Delivery Authority.**
- **are supported by environmental agencies and community organisations including Users Groups and Save Leyton Marsh campaign.**
- **enable the Marsh land to have the optimum chance to recover from the seven months of excavation, construction and demolition within a timeframe acceptable to the communities.**

SAVE PORTERS FIELD MEADOW ON LEYTON MARSH

DATE	NAME please print	Email address or post code	Tick if you are a user of Leyton Marsh/ local resident	Signature

This Petition has been launched by Save Leyton Marsh campaign on 26th May 2012 on paper and online at www.change.org. It will be presented to ODA, LVRPA, LBWF prior to or on the occasion of the submission of relevant planning application(s) or notification(s) from the former two bodies to the latter.
